The surprising season

Throughout all history, spring weather conditions have varied more than those of the other three seasons. In the early spring of 1083 the River Thames it froze for over 14 weeks, while in spring 1412 it is dried up. Spring flooding in 1092 meant to the year was remembered for poor crops. In fact, through the centuries the most greatest number of major droughts, floods, hurricanes and earthquakes will have occurred during springtime. Indeed, looking at agricultural records, 1660 is the only spring having recorded as “very pleasant”. Spring arrives at slightly different times in different regions of the British Isles. In lowland England it appears on around the middle of March. In the west and south it arrives even at earlier, while in the north and in hilly areas it does not come until April. Here, when spring is mentioned about, it means the average temperature which is over 6°C.

AE1 Speaking

- **Part One – önálló témakifejtés előre megadott témáról, 3 perces monológ**
- **Part Two – véleménykifejtés a vizsgán húzott kérdésre**

Part one - 3 perces monológ

Példák:

- Reading a good book is often said to be more educational than seeing the film on which it was based. Do you agree with this view? Give specific examples to support your opinion.
- What are the qualities of a good language learner? What do you think the most effective ways of acquiring a foreign language are? Give specific examples on the basis of your own experience.
- Készüljenek fel az előre megadott 10 téma mindegyikéből (lásd ELTEÁL honlap, elsős hirdető).
- A vizsgán min. 3 percig önállóan, vizsgáztatói kérdések nélkül kell tudniuk beszélni az egyik témáról. Utána kérdéseket kapnak.
- A vizsgázó két témát húz a megadott tízből, ezekből a vizsgáztatók választanak egyet.

Készüljenek előre!!!

- ❑ **Fontos:** ha nem sikerül 3 percig önállóan, nagyobb szünetek nélkül, a témáról angolul beszélniük, a vizsga sikertelennek minősül, és nem kezdhetik meg a második feladatot.
- ❑ Olvassanak a témákhoz.
- ❑ Gondolják át mindegyiket, a hozzá kapcsolódó személyes tapasztalataikat.
- ❑ Szerkesszék meg a gondolataikat.
- ❑ Többször próbálják meg elmondani, közben mérjenek időt.
- ❑ Vegyék fel a monológjaikat, hallgassák meg, írják le, nézzék át és javítsanak rajta, ha szükséges.

Part two – rövid véleménykifejtés

- A vizsgázó **két** témát/kérdést/szituációt húz az első feladat sikeres teljesítése után.
- Miután elolvasta a feladatokat, a vizsgázó dönti el, hogy a kettőből melyik témáról szeretné a véleményét kifejteni.
- A vizsgáztatók kérdéseket tesznek fel a témával kapcsolatban.

Példák:

- Do you agree or disagree with the following statement? Face-to-face communication is better than other types of communication, such as letters, e-mails, or telephone calls. Use specific reasons and details to support your answer.
- What are some of the qualities of a good supervisor (boss)? Use specific details and examples to explain why these qualities are important.
